ABOUT *Company*

Alpha Expert Ltd Company is a Civil, Mechanical and Electrical Construction Company. ALPHA is one of the leading fast-growing companies operating in Kingdom of Saudi Arabia.

ALPHA was established in 2019, as temporary facilities & infrastructural contracting business. Over a short period, ALPHA has successfully diversified into other construction sectors & related support businesses and within a short span of 5 years. ALPHA is now considered to be one of Saudi Arabia's fastest growing and trustable construction company. At ALPHA, we take pride in offering our clients a strong, customer focused approach, applying best practices to offer world-class quality that the Kingdom expects from its quality contracting firms. ALPHA has attained and sustained leadership in all its major lines of its businesses.

It has its presence almost all over the Kingdom, with a national spread of offices. It has urge to continue to grow its global footprint, with construction facilities in multiple countries.

In response to changing market dynamics, ALPHA has gone through a phased process of redefining its organization model to facilitate growth through greater levels of empowerment. The new structure is built around multiple businesses that serve the needs of Construction Business and enable ALPHA to be self-sufficient in delivering its services to the esteemed and valued clients.

ABOUT *Company*

- Highly sophisticated world class temporary facilities.
- Site Preparation & Earth Works
- Infrastructure Networks.
- Building Construction.
- Industrial Construction.
- Electrical Network Construction and Installation.
- Steel Erection.
- Mechanical Works.
- Fencing and fire-fighting works
- Equipment rental business.
- Manpower Solutions & Services.

CEO *Messages*

It is my privilege and pleasure to state that since beginning incorporation of the Alpha Expert Ltd Company in Al-Khobar, with the help of Almighty God, it was an entirely fruitful period governed by a clear philosophy of work and close link with the community of Kingdom of Saudi Arabia. The significant projects achieved by ALPHA, which emerged from our clear-sighted vision and ambitious goals, have profound impact and support in enhancing the national development and providing the appropriate environment for the establishment of many urban and industrial communities in the Kingdom. With the company's growth, development, and expansion to every corner of the kingdom, ALPHA contributed to Saudi Market with huge fleet of machinery and manpower. We are well known and leading supporters for new Industrial Expansion by rendering initial setup facilities with minimum possible time regardless any geographical location in the Kingdom. This remarkable growth, overwhelming success along with the wise leadership, absolute confidence of our customers, partners, the industrial, commercial, and residential market that always expects us to complete our march in the single-aim road, have drawn the clear map of our work. We are proud to be supportive to Saudi Arabia's Vision 2030 by contributing to diversified economy and serving in private sector industrial construction. We excel through comprehensive future viewing, good planning, adoption of development policy for all work systems and mechanisms. Added to that, the provision of adequate and suitable jobs and training of national work force in implementation of continuous training concept and the transfer of expertise to the work team. Through these pillars, we ensure the achievement of optimum use of resources for timely completion of projects with Safety and Quality. We are professional, dedicated, and transparent.

VISION & ***Mission***

ALPHA is focused on creating innovative, entrepreneurial and empowered team to achieve constantly values and culture of learning, caring, trust and customer satisfaction. ALPHA believes that progress must be achieved in harmony with the environment. A commitment to community welfare and environmental protection are an integral part of the corporate vision.

Our vision is safe accomplishment of challenges and task in stipulated time frame without compromise on quality to meet the clients' satisfaction.

OUR VALUES

ALPHA believes and earn customer satisfaction and trust by maintaining our strong values of:

- Our Commitment to Prompt Mobilization and Early Completion of Projects.
- Ensuring Customer Confidence through timely communications
- Investing in Technical Expertise
- Ensuring Quality Products & Services through adherence to International Quality Standards, and a Robust Internal Training Program
- Ensuring Environmental, Health & Safety requirements are consistently met, or exceeded through Internal Surveillance.
- Transparency with clients and stakeholders.

OUR ***Services***

with a span of very short period, ALPHA has grown to more than 322 employees, and owns over 45 pieces of construction equipment, and has established 02 regional offices throughout the Kingdom. ALPHA strengths, summarized below, demonstrate full-service capability:

- Highly sophisticated world class temporary facilities.
- Infrastructure Networks.
- Site Preparation & Earth work
- Building Construction.
- Industrial Construction.
- Electrical Network Construction and Installation.
- Steel Erection.
- Mechanical Works.
- Fencing and fire-fighting works.
- Equipment rental business.
- Manpower Services and supply

One of ALPHA's greatest strengths is derived from the support it receives from the related companies within ALPHA, resources that can be relied upon include:

- Human Resource from our strong market alliances.
- Construction Equipment (ALPHA rental division)
- Market trust that enables us to purchase quality construction materials on priority basis.

In addition, ALPHA prides itself in self-performing most construction activities to maximize the control of its workforce, and to be in a better position to control costs, maintain schedule commitments, and ensure adherence to our Quality and Safety Programs. To ensure that we have adequate resources, ALPHA enjoys the strength of having over pieces of construction equipment and a stable workforce of more than 322.

Alpha Surveyor is a professional who estimates property boundaries and measures land features for construction projects, mapmaking, mining, and legal purposes. They use specialized equipment to accurately determine land measurements and create maps and reports of survey results.

- Conduct surveys on land sites and properties
- Examine previous records and evidence to ensure data accuracy
- Research and design methods for survey processes
- Use equipment and tools to accurately measure land features (e.g. longitudes, latitudes)
- Build maps, sketches, and charts
- Supervise and provide guidance to field staff
- Purchase and maintain equipment
- Report on survey results and present findings to clients
- Collaborate with engineers and architects on several projects

PARKING SHEDS

Alpha Expert Ltd Company has a professional and experienced engineering team that comprises architects, structural engineers, and fabric department teams. Our team is well-qualified and advanced in the field of tensile structure parking shades, and tents manufacturing industry.

Our architects are skilled in designing unique and innovative structures that are not only functional but also aesthetically pleasing. They work closely with our clients to understand their needs and requirements, and then use their expertise to design structures that meet those requirements while also being visually appealing.

Our structural engineers are responsible for ensuring that all of our structures are safe, secure, and durable. They use the latest software and tools to design structures that are strong enough to withstand the elements and the test of time. The fabric department teams are experts in selecting and working with the right materials for each project. They understand the properties and characteristics of different fabrics and are skilled in cutting, welding, and sewing them to create high-quality structures that meet our clients' needs.

Our engineering team is committed to staying up-to-date with the latest technologies and trends in the industry. They are constantly learning and improving their skills to ensure that we can continue to deliver innovative, high-quality structures to our clients.

www.alphaexpert.com.sa

FENCE

Alpha Company installs attractive, long-lasting commercial fence construction and residential fence installation made from the highest quality materials available.

Alpha Expert Ltd Company, we offer a number of fence services in Saudi Arabia, including chain-link fences in a variety of options, such as galvanized steel and PVC color coating. Chain-link is one of the most popular fencing options for both business owners and homeowners throughout the Kingdom of Saudi Arabia area. The popularity of chain-link fences is partially due to their cost-effectiveness and long-lasting durability. In addition, chain-link fencing provides effective security to any property.
